

Life and health business group

Worldwide presence

Writing business on all continents, the life and health business group operates as a network of reinsurance companies based in Australia, Bermuda, Germany, Ireland, South Africa and the United States.

Further, our clients are offered support by branches and service companies in Bahrain, Côte d'Ivoire, France, Canada, Hong Kong, India, Italy, Japan, Malaysia, Mexico, Shanghai, South Korea, Spain, Sweden, Taiwan and the United Kingdom.

In addition to these international operations, various market departments and service units in Hannover complete our worldwide life and health network.

Over 900 highly specialised staff at 25 offices around the world put our clients' needs front and centre of all activities.

Thanks to our decentralised approach, our employees are available directly on the spot and are equipped with superb knowledge of the local (re)insurance market. They are usually native speakers closely familiar with the region's culture. This local market know-how combined with our worldwide expertise enables us to deliver individually tailored and comprehensive customer support.

Hannover Re has dedicated itself to lean management structures and has the lowest administrative expense ratio among major professional reinsurers.

With 25 offices on all continents, we have an outstanding international network at our disposal.
